

Resolution No.: 15-1262

Introduced: December 13, 2005

Adopted: December 13, 2005

**COUNTY COUNCIL
FOR MONTGOMERY COUNTY, MARYLAND**

By: County Council

SUBJECT: Spending Affordability Guidelines for the FY07 Operating Budget

Background

1. Charter section 305 and Chapter 20 of the Montgomery County Code require the Council to set spending affordability guidelines for the operating budget.
2. The guidelines must specify:
 - a. A ceiling on property tax revenues, which are used to fund the aggregate operating budget. Property tax revenues include property taxes on existing real property, on construction of new real property, on personal property, on property taxes estimated to be paid in FY06 which were due in prior years, and penalties and interest.
 - b. A ceiling on the aggregate operating budget. The aggregate operating budget is the total appropriation from current operating revenues for the next fiscal year, including appropriations for capital projects, but excluding appropriations for: enterprise funds, the Washington Suburban Sanitary Commission, specific grants for which the spending is contingent on the grants, and expenditures equal to the estimated tuition and tuition-related charges at Montgomery College.
 - c. The spending allocations for the County Government, the Board of Education, Montgomery College, the Maryland-National Capital Park and Planning Commission, debt service and current revenue funding of capital projects. As noted above, the College's allocation excludes expenditures equal to the estimated tuition and tuition-related charges.
3. The legislation lists a number of economic and financial factors which will be considered in adopting the guidelines, requires a public hearing before the Council adopts guidelines, and requires that the Council adopt guidelines no later than the third Tuesday in December for the fiscal year starting the next July 1.

4. The Council's Management and Fiscal Policy Committee met on November 28, 2005 to recommend guidelines for the public hearing, which the Council held on December 6, 2005. For the public hearing, the Council considered the guidelines shown below, in millions of dollars.
